Ian Clarke  
URIMAT Australia  
15 Barron Pde  
JOONDALUP WA 6027

Dear Ian,

We are extremely happy with the URIMAT waterless urinal units.

The Urimat systems have been exceptionally beneficial in our school for our water saving program and for our environmental educational agenda. Years Four to Seven teachers have touched on Systems studies through the Technology and Enterprise learning area and will continue with the studies into 2008.

We are very grateful to Urimat for all the assistance they have given us and are very happy to recommend the environmentally friendly systems.

Yours sincerely

Jasia Hawkins  
Teacher, Environmental Coordinator
