Reference – Urimat – To Whom It May Concern

Dear Ian,

We came across Urimat last year, whilst attending our Works Christmas Party at Fraser's restaurant in Kings Park - Perth

There were several very large functions going on at the time and we were amazed at the level of hygiene achieved by the product.

We immediately contacted yourself at Urimat and found your level of service to match the quality of the product – Second to none.

Hismelt, being a Rio Tinto Company is constantly looking at ways to work towards a sustainable environment, and the Urimat product goes a long way to helping us to achieve this aim. The product is simple in design, extremely cost effective and easy to install and maintain.

Yours sincerely,

Chris Hatley
